EDUCATION

2019 - 2022
DOONGKHO BOREY JALSAR HIGH SCHOOL
- Grade B

2022 - 2023
CSTAD
- Web design

2022 - 2023
ANT TRAI TECHNOLOGY
- C++

SKILLS

- Project Management
- Public Relations
- Teamwork
- Time Management
- Leadership
- Effective Communication
- Critical Thinking

LANGUAGES

- Khmer (Fluent)
- Korean (Basics)
- English (Intermediate)

PROFILE

I have gained proficiency in web development using HTML, CSS, JavaScript, and frameworks like React, Tailwind CSS, and Bootstrap, allowing me to build interactive and responsive websites. Additionally, I have developed a strong foundation in C#, C, and C++, with a solid understanding of programming principles and problem-solving techniques.

I have studied systems analysis and design to enhance both software and web development projects. My experience also includes working with MySQL databases and applying SQL knowledge to develop data-driven applications.

I am skilled in project management and IT governance, integrating technology solutions with business strategies to drive effective results.

WORK EXPERIENCE

Web Design Projects — 2024

Developed interactive and visually appealing websites using HTML, CSS, JavaScript, and frameworks such as React, Tailwind CSS, and Bootstrap. Created user-friendly, responsive layouts and integrated animations to enhance user experiences. Focused on applying UX/UI principles to design intuitive interfaces.

C++ Projects — 2024

Worked on C++ projects that involved data structures and algorithms to solve complex problems. Developed efficient solutions using object-oriented programming principles, improving the performance and scalability of applications.

Project Management — 2024

Managed the workflow of web design and C++ projects, ensuring tasks were completed on time and met quality standards.
